

FIRST PRESBYTERIAN CHURCH

VIRGINIA BEACH, VIRGINIA

OPUS 2225 • 3 MANUALS, 68 RANKS

THE REUTER ORGAN COMPANY

The new organ selected by First Presbyterian Church in Virginia Beach was designed in conjunction with a reconfiguration of the previously divided chancel. The façade integrates the surrounding architectural elements, unifying the entire sanctuary without overpowering the central liturgical fixtures. The antiphonal division is located in the rear gallery in a beautifully proportioned case that mirrors the front organ.
