

ST. BARTHOLOMEW CATHOLIC CHURCH

WAYZATA, MINNESOTA

OPUS 1875

2 MANUALS, 39 RANKS

THE REUTER ORGAN COMPANY

Reuter Opus 1875 was originally built in 1974 for St. Luke's Lutheran Church in St. Louis Park, Minnesota. The two-manual, 21-rank organ was relocated and expanded for a new home at St. Bartholomew Catholic Church in 2007. The new configuration features a Choral division located in front of the nave near the choir seating and console. The main organ divisions are located high above the entrance doors at the back of the nave. The installation was completed in conjunction with Steve Barnhart, Minnesota District Representative.
